Education

Kakatiya Institute of Technology and Science, Warangal *2022 – 2026*
B.Tech in Computer Science (AI & ML), CGPA: 8.63

SR Junior College *2020 – 2022*
Intermediate (MPC), 92.7%

SR High School *2020*
SSC (X Class), GPA: 10

Experience

AI/ML Intern — Pi Square Technologies *May 2025 – Jul 2025*

- Built an AI-powered job recommendation system using vector search and LLM scoring.
- Designed REST APIs using FastAPI to manage resumes and job data.
- Integrated Qdrant for semantic retrieval, reducing HR filtering time by 60%.
- Developed a frontend using ReactJS and Tailwind CSS for an interactive UX.

Projects

Intelligent Talent Finder — GitHub

- LLM-based resume-job matcher using Instructor Embeddings and semantic search with Qdrant.
- Full-stack app using FastAPI (backend), ReactJS + Tailwind (frontend), PostgreSQL (database).
- Implemented ranking pipeline with cosine similarity scoring and optimized vector indexing for faster retrieval.

FreqGAN: Infrared-Visible Image Fusion — GitHub

- Developed a frequency-aware GAN for Infrared (IR) and Visible (VIS) image fusion.
- Built FastAPI backend to process IR & VIS inputs and generate fused outputs.
- Designed interactive Streamlit app for real-time image upload and visualization.

Predictive Analysis on Lithium-ion Batteries — GitHub

- Predicted Remaining Useful Life (RUL) using Random Forest Regressor.
- Analyzed capacity degradation and visualized trends with Streamlit.

YouTube Transcript Q&A System with RAG — GitHub

- Built RAG-based Q&A system using LangChain, FAISS, and LLaMA 3.3 70B.
- Implemented FastAPI backend to process YouTube transcripts dynamically.

Skills

Languages: Java, Python, C, SQL

Core Concepts: Data Structures and Algorithms, OOPS, DBMS

AI/ML: Machine Learning, Deep Learning, GANs, LLMs, RAG

Frameworks & Libraries: PyTorch, TensorFlow, Pandas, NumPy, FastAPI, LangChain, Docker, Git

Certifications

- **Oracle Cloud Infrastructure 2025 Certified Generative AI Professional** — Oracle
- **Introduction to Generative AI** — Google Cloud Skills Boost (2025)
- **Data Structures and Algorithms using Java** — NPTEL (2024)
